Notes

Hello, Sir,

I'm going to be taking the week and researching how (including but not limited to) the residential school system, day school, and how the sixties scoop, has effected my assigned satellite communities. I think I would be able to find a lot of information at the Lakehead University Library. I remember they had a specific section related to these issues.

I will then be passing along that information the Gladue workers for their reports, as well using that same information to make sentencing submissions. I also could potentially write a few articles on such info.

Thank you.

Arturo
