Attention: Nishnawbe Aski Legal Services,

Re: JD# discharge 0001

I am submitting a Resume for your consideration for the position of Discharge Driver.

I have recently had a Drivers abstract done. I have a clean driver record and can pass a criminal records check. I have taken the Defensive driving course as well in the past. Over the years I have held many licenses to drive First response vehicle, heavy equipment, and motorcycle. I feel I am a very experienced and confident responsible driver.

I have also taken First Aid several times but is currently expired but willing to take.

Mostly I am a friendly, kind hearted ,honest hard working person. I have good communication skills and get along with everyone.

Thank you for your time and consideration.

Miigwetch
