Subject: My two week notice.

Hello,
As of today January 6, 2023. I am giving my two weeks notice as I have received an offer from Peetabeck Health Services and I will be accepting it as the salary is more than what I have currently.
This is my resignation email and will make a letter if needed. I also have a list of land base equipment that is currently in storage that will be ready for the next Fort Albany nanls y/i worker. But currently I am working on a volleyball tournament to take out youth at the end of January and will follow through with the trip through the ChooseLife funding.

Sincerely, Troy Williams.
