Dear Sir/Madam

SUBJECT: Confirmation of Employee Identification
2022 T4 return

We are writing to verify that the last name, initial and social insurance number (SIN) you provided on certain employee T4 slips agree with the information on the employees' SIN cards.

Using the enclosed Identification Query Listing, please:

1. Confirm that the last name, initial, and SIN are correct.
2. Complete as many areas as you can on both sides of the listing.

Note: If a T4 slip on this list shows "0" for both the employment income and pension contribution boxes, this means there is other financial information reported on the T4 slip for which we need to confirm the employee's identification.

Please advise any employee who does not have a SIN to apply for one through a Service Canada Centre. Update your records when the employee has received the SIN.

Fax or mail the completed listing to the tax centre shown below within 30 days of the date you receive it.

If you need more information, you can contact the tax centre.
