To Whom It May Concern:

Re: Lloyd Comber May 4, 1955 Age: 67 yr
807-407-1955 (M preferred)

Mr. Comber is a patient of mine who has a medical condition that will not prevent him from working as long as he can be accommodated with reduced travel and no prolonged sitting or prolonged standing as this exacerbates issues with his legs. He has been able to do his job remotely in the past few years and this would be preferable. I trust this is sufficient for your needs

Sincerely,

A handwritten signature in cursive script that reads "Dr. Bowerman". The signature is written in dark ink and has a long, sweeping underline.

Dr. Brian Douglas Bowerman, MD
