**EVANGELINE MEEKIS**  
344A BALSAM ST  
THUNDER BAY ON P7A 5P1  
CANADA

Claim number: **32872153**

Name:  
**EVANGELINE MEEKIS**

Date of injury/illness: **11/Oct/2024**

Injury/illness:  
**Right thigh**

Hello **EVANGELINE MEEKIS**

We have received a report that you were injured or made ill while you were working.

We understand that you may not have received health care for your injury or illness. Health care includes services from a health care practitioner (i.e., a chiropractor, dentist, physician, physiotherapist or registered nurse), services provided at hospitals and health facilities, and prescription medication. Health care does not mean first aid, such as cleaning a minor cut or applying a bandage.

#### **Minor ailment assessments and prescribing with a pharmacist**

If you received an assessment or prescription medication for a minor ailment from a pharmacist, I am not able to make a decision on your claim. You need to see an approved health care provider (chiropractor, physician, physiotherapist or registered nurse [extended class]) to diagnose your injury or illness or provide functional abilities information for early and safe return-to-work planning.

If you do not have access to health care options, you can call us to learn about community-based treatment and other programs that may be available to you.

#### **If you do not plan to receive health care**

If you choose not to receive health care, you will not be eligible for WSIB benefits and I will be taking no further action on this claim.

#### **If you plan to receive health care**

If you have already spoken to someone from the WSIB about your claim and told them that you have a confirmed appointment to seek health care for your work-related injury or illness, you do not need to take any further action. Someone will call you to confirm that you have received health care and to gather any other information we need to determine whether you are eligible for benefits.

Contact [accessibility@wsib.on.ca](mailto:accessibility@wsib.on.ca) if you require this communication in an alternative format.

If this information is incorrect, or if you seek health care for this injury or illness in the future, please let us know. To help us provide you with the best possible service, please provide the claim number above if you contact us about your claim.

**Protecting your privacy**

We are committed to protecting your privacy and the confidentiality of your personal information. You can read our privacy statement on our website, or you can call us to request a copy by mail.

Sincerely,

Operations Division
