Dear DON RUSNAK,

Re: Firm# 59086 Certificate# 70505
Additional Coverage under your Group Benefit Program

Certain coverage amounts are based on your earnings. A recent update to our records indicates that you could be eligible for additional coverage for the following benefits:

	Current Coverage	Eligible Coverage
Life	\$400,000	\$435,000

This additional coverage requires approval by the insurance company. To apply for the increase, complete the attached form, answering all questions as completely as possible and forward it to our office. In some instances, the insurance company may request additional information or testing in order to make their decision. In these instances, a nurse, through a paramedical company, may call to set up an appointment.

You will receive written notification of the insurance company's decision. If you are approved for the additional coverage, your premiums will be adjusted accordingly. If declined, you will maintain your current level of coverage.

If you have any questions about your certificate or the additional coverage, please contact our office.

Sincerely,

Abraham Tassia-santos
