Name

Wilma Carpenter

Importance

High - To be Completed Within 2 Days

Date Required

2024-02-27

Department

Victim Witness

Type

Maintenance

Location

Sioux Lookout

Notes

I have mentioned this numerous times and this needs to be address. This started when we actually moved into our 56D Front Street office. And has not been fully addressed.
 I have difficulty at times getting into my office using the front door keys.
 There have been times when I stood outside up to half an hour just trying to get the door open.
 Also, there was a request to get the two back door key, which I was informed that it was forth coming, to date have not received the back doors key.
 Just today, Feb 27/2024 had to jimmy the door, align the lock, and have to push up on the door while turning the key to open.
 On cold or rainy days this is not good. To be standing outside trying to get the door(s) opened.
 When not able to open the door I then try the other with the same outcome and eventually it unlocks, but have to use force to open the door. As it gets stuck on the bottom.
 Now this too is a Health & Safety Concern, should their be a fire in the back room, then I am stuck in a death trap, especially if the doors do not open properly.

Response

There will be a worker going by the office today to check on a few things. One of them is the keys. If he can not find or make them. They will be changing the locks and giving out new keys when he is finished. I will be following up next week to confirm that this is done.
