Notes

Need a security camera installed

Doorbell or buzzer as I plan to have ALL doors locked for safety reasons

Also still waiting to get keys for the back door at 56D front

Response

Sent via email April 9, 2024 to Rhain and Alana Good morning I just wanted you to know, that I have decided today, that I will be LOCKING all my doors. Making sure that they are closed especially since I work alone. Just recently there was an incident here in Sioux Lookout where a man approached workers at the taxi stand right by my office. Police did apprehend the person. And this person was carrying a bat and if I had been here, who knows what could have happened. I would normally leave the door unlocked to allow people to access the office. So yes, we are in need of security cameras and possibly a door bell so that anyone wanting access to the VWL office. Also still have not received a key for the back doors so that I can enter from the back and not from the front. I believe the sooner the better to get this done, is imperative not only for my safety, but for others if there are visiting the VWL office. I will be submitting a WORK ORDER so that this can be addressed ASAP. The landlord should be install since we are merely tenants of the building. Many thanks.
