UPCOMING CHANGE TO YOUR INTERNET SERVICE RATE

Effective January 10, 2024, the monthly service fee for your Internet package as shown on this bill will increase by \$4 plus taxes.

Any active discount or guaranteed rate will remain in effect until its end date. If you are on a 2-year ValuePlan, this monthly service fee adjustment will not apply to your 2-year ValuePlan services for the duration of your contract term. Services included as part of your condo maintenance or property rental fees are not impacted. These changes are made in accordance with the CRTC Internet Code. The rest of your services will remain the same.

If you have any questions, would like to receive an updated copy of your service agreement, or no longer wish to subscribe to your Internet service chat with our virtual assistant for fast, easy support at shaw.ca/contact-us.

Please do not staple for ease of processing.

Terms and Conditions

All Shaw Services are provided to you in accordance with the Joint Terms of Service (as amended), Acceptable Use Policy applicable to your service, and the Privacy Policy, all located at www.shaw.ca. If you do not have access to the Internet, our customer care representatives will be glad to provide you a print copy by mail.

Billing Terms

Please note that amounts owing after your billing due date are subject to a late payment interest charge, calculated at 3% per month*, compounded monthly (42.6% per year), from the date of the first bill on which it appears until paid in full. An additional late payment processing fee, for administrative services relating to down-grading or terminating your services, may apply if your account remains unpaid for 60 days or more.

*Customers with an existing 2-Year ValuePlan as of August 3, 2023, will continue to see a 2% late payment fee up until their contract expiry date, at which time they will be bound by the above late payment fee structure.

The Internet Code

The Canadian Radio-television and Telecommunications Commission (CRTC) has established a mandatory code of conduct (Internet Code) for Internet service providers (ISPs) effective as of January 31, 2020. The Internet Code is designed to make it easier for Canadians to understand their Internet service contracts, to prevent bill shock, and to make it easier for Canadians to switch ISPs. It ensures customers benefit from increased clarity in their interactions with ISPs; from clearer prices, including for bundles, promotions, and time-limited discounts; and from increased clarity around service calls, outages, security deposits, and disconnections. You can find more information regarding the Internet Code here: <https://crtc.gc.ca/eng/internet/codesimpl.htm>

Phishing emails are on the rise

Phishing is the fraudulent attempt to obtain sensitive information such as usernames, passwords and credit card details, often collected for malicious reasons, by disguising as a trustworthy entity (i.e. Shaw, PayPal, banking institutions, etc.) in an electronic communication.

You can protect yourself and other consumers by learning how to identify phishing emails and reporting them.

Visit shaw.ca/phishing to find out more.
