The Shaw Cable Joint Terms of Service ("TOS") will be amended as of August 3, 2023, to include changes to our Late Payment Fee structure. Late payment fees will increase from 2% to 3% per month and our account processing fees will increase from \$20.00 to \$50.00. Customers with an existing 2-Year ValuePlan as of August 3, 2023, will continue to see a 2% late payment fee and a \$20.00 account processing fee up until their contract expiry date, at which time they will be bound by the above late payment fee structure. Customers may request to receive an updated contract that reflects this change upon request at no charge.

All Shaw Services are provided to you in accordance with the Joint Terms of Service (as amended), Acceptable Use Policy applicable to your service, and the Privacy Policy, all located at www.shaw.ca. If you do not have access to the Internet, our customer care representatives will be glad to provide you a print copy by mail.

Billing Terms

Please note that amounts owing after your billing due date are subject to a late payment interest charge, calculated at 2% per month, compounded monthly (26.8% per year), until paid in full. The Internet Code

The Canadian Radio-television and Telecommunications Commission (CRTC) has established a mandatory code of conduct (Internet Code) for Internet service providers (ISPs) effective as of January 31, 2020. The Internet Code is designed to make it easier for Canadians to understand their Internet service contracts, to prevent bill shock, and to make it easier for Canadians to switch ISPs. It ensures customers benefit from increased clarity in their interactions with ISPs; from clearer prices, including for bundles, promotions, and time-limited discounts; and from increased clarity around service calls, outages, security deposits, and disconnections. You can find more information regarding the Internet Code here:

<https://crtc.gc.ca/eng/internet/codesimpl.htm>

Phishing emails are on the rise

Phishing is the fraudulent attempt to obtain sensitive information such as usernames, passwords and credit card details, often collected for malicious reasons, by disguising as a trustworthy entity (i.e. Shaw, PayPal, banking institutions, etc.) in an electronic communication.

You can protect yourself and other consumers by learning how to identify phishing emails and reporting them.
